

# TopBrewer Lookbook

# Level up your coffee experience with TopBrewer.

TopBrewer combines a hyper-personalised, human-centric and meaningful experience with great coffee and the latest in connected & touchless technology.

# Minimum Footprint. Maximum Reassurance.

Designed for remote smartphone use and to reduce shared contact points, TopBrewer provides a touch-free and reassuring premium coffee experience to meet the needs of today's coffee consumers.

# ADOBE

Location: White Collar Factory, London

Designer: Gensler

Installed: 2017

7 TopBrewer Pro Series

Size: 750-1000 employees

Adobe wanted a space that would encourage spontaneous collaboration and social interaction. They installed 7 TopBrewer coffee machines throughout their neighbourhoods as an enabler of chance conversations and to provide a barista-quality coffee experience for staff and guests.

# ARCADIS

Location: Fenchurch Street, London

Installed: 2021

3 TopBrewer Pro Series and 6 TopBrewer Compact Series

Size: 40,800 square feet

Arcadis worked with its employees to design an office space that would work for them. An internal survey found that the office still plays a vital role for the modern employee, but they also value sustainability, flexibility and choice. The space was designed to allow for a more flexible and healthier way of working, and the Arcadis team chose to install 9 TopBrewers throughout the space.

# QBE INSURANCE GROUP

Location: Fenchurch Street, London

Designer: Perkins & Will

Installed: 2016

17 TopBrewer Pro Series and 1 TopWater

Size: 100,000 square feet

QBE Insurance is one of our largest global clients. They selected TopBrewer because of its flexible design, advanced technology and the fact that it can be seamlessly integrated into each environment. TopBrewer is the standard beverage solution for all staff and visitor refreshment points.

# ACTIS

Location: 2 More London Riverside, London

Designer: Loop Interiors

Installed: 2022

1 TopBrewer Pro Series, 1 TopBrewer Compact Series

Actis' London office was designed with the employee experience at the heart of every decision, and they chose to install 2 TopBrewers in their space to deliver a barista-quality coffee experience for their team, whilst also encouraging collaboration and allow colleagues to chat and socialise as they grab a coffee.

# UNCLE

Location: Southall, London

Installed: 2022

1 TopBrewer Pro Series and 1 TopWater

UNCLE is a residential rental company with a goal to make living easy and provide beautiful spaces that enhance the lives of their residents. UNCLE chose to install TopBrewer with contactless payment in its social space to deliver seamless, barista-quality coffee on tap for residents.

# MICROSOFT

Location: Amsterdam, The Netherlands

Designer: Sevil Peach and Veldhoen + Company

Size: 750-1000 employees

For their HQ in Amsterdam, Microsoft wanted to create a hub that would welcome staff, guests and clients and promote collaboration and teamwork. TopBrewer delivers a first-class, memorable coffee experience without compromising on drink quality or design aesthetics.

# NINETY ONE

Location: Gresham Street, London

Installed: 2020

12 TopBrewer Pro Series and 6 TopWater

Size: 500-750 employees

When Ninety One moved to their new BREEAM status office, they moved their existing 7 TopBrewers and chose to install an additional 5 TopBrewer Professional Series and 6 TopWaters to ensure their whole workforce could continue to enjoy premium, barista-quality beverages with touchless operation with sustainability in mind.

# ONE AVENUE GROUP

Location: Mayfair, London  
3 TopBrewer Compact Series

For premium serviced office firm, One Avenue Group, member experience is central to every decision. Their spaces have all been thoughtfully created to combine luxury design with a top-quality experience. They chose to install 3 TopBrewer Compact Series throughout their space to ensure tenants have a first-class coffee experience in the office

# EXCLUSIVE HOTELS

Location: Various UK  
Designer: NH Interiors  
Installed: 2017  
6 TopBrewer Pro Series

Exclusive Hotels deliver a premium, cutting-edge experience for hotel guests. They chose to install TopBrewers to innovate their refreshment facilities at Pennyhill Park, Royal Berkshire & South Lodge.

# CBRE

Location: One St Peter's Square, Manchester

Designer: CBRE Building Consultancy Team

Size: 51-250 employees

The whole design for CBRE's Manchester office space is focussed on delivering a first-class experience for staff and guests. With the coffee experience playing a vital role in the modern workplace, it was important for the CBRE team to get it right, so they installed TopBrewer to enhance the experience and deliver a barista-quality in a memorable way.

# HILTON

Location: London, UK  
Designer: NH Interiors  
Installed: 2021  
2 TopBrewer Pro Series

Hilton London Metropole has incorporated two TopBrewers into its bright and modern Executive Lounge to deliver a high-end, self-service coffee experience for guests.

With a hybrid approach to hospitality, the Executive Lounge provides a multi-functional destination to work, eat, stay, collaborate and enjoy a TopBrewer coffee.

# IDRC

Location: St Paul's, London

Designer: CBRE Building Consultancy Team

Installed: 2021

8 TopBrewer Pro Series & 1 TopJuicer

Size: 50,000 square feet

When the IDRC moved from Fleet Street to their new 50,000sqft space overlooking St Paul's, they worked to create a better environment for guests and employees. As well as offering a range of workspaces, from hearing rooms and breakout spaces to private offices, the IDRC have installed 8 TopBrewer Pro Series and 1 TopJuicer throughout the building.

chaucer

## CHAUCER

Location: The Scalpel, London

Installed: 2021

8 TopBrewer Pro Series

Size: 250-500 employees

Leading underwriting firm, Chaucer, recently moved its HQ to The Scalpel, relocating nearly 500 employees into 3 levels of the iconic skyscraper.

The workspace has been designed with the employees at its core and boasts a range of workspaces to help facilitate collaboration and interaction. Chaucer chose to install 8 TopBrewer Pro Series throughout the office to provide a sustainable, barista-quality coffee experience for staff and guests.

# AM TRUST

Location: St Mary Axe, London

Installed: 2018

5 TopBrewer Pro Series

Size: 250-500 employees

Am Trust Financial installed 5 TopBrewer Pro Series in their central London office space. Am Trust chose to install TopBrewer throughout their office to deliver a premium coffee experience for their staff and guests. Their TopBrewers are strategically installed to allow and encourage collaboration and connection between colleagues as they catch up and chat over a coffee.

# BE OFFICES

Location: Various UK

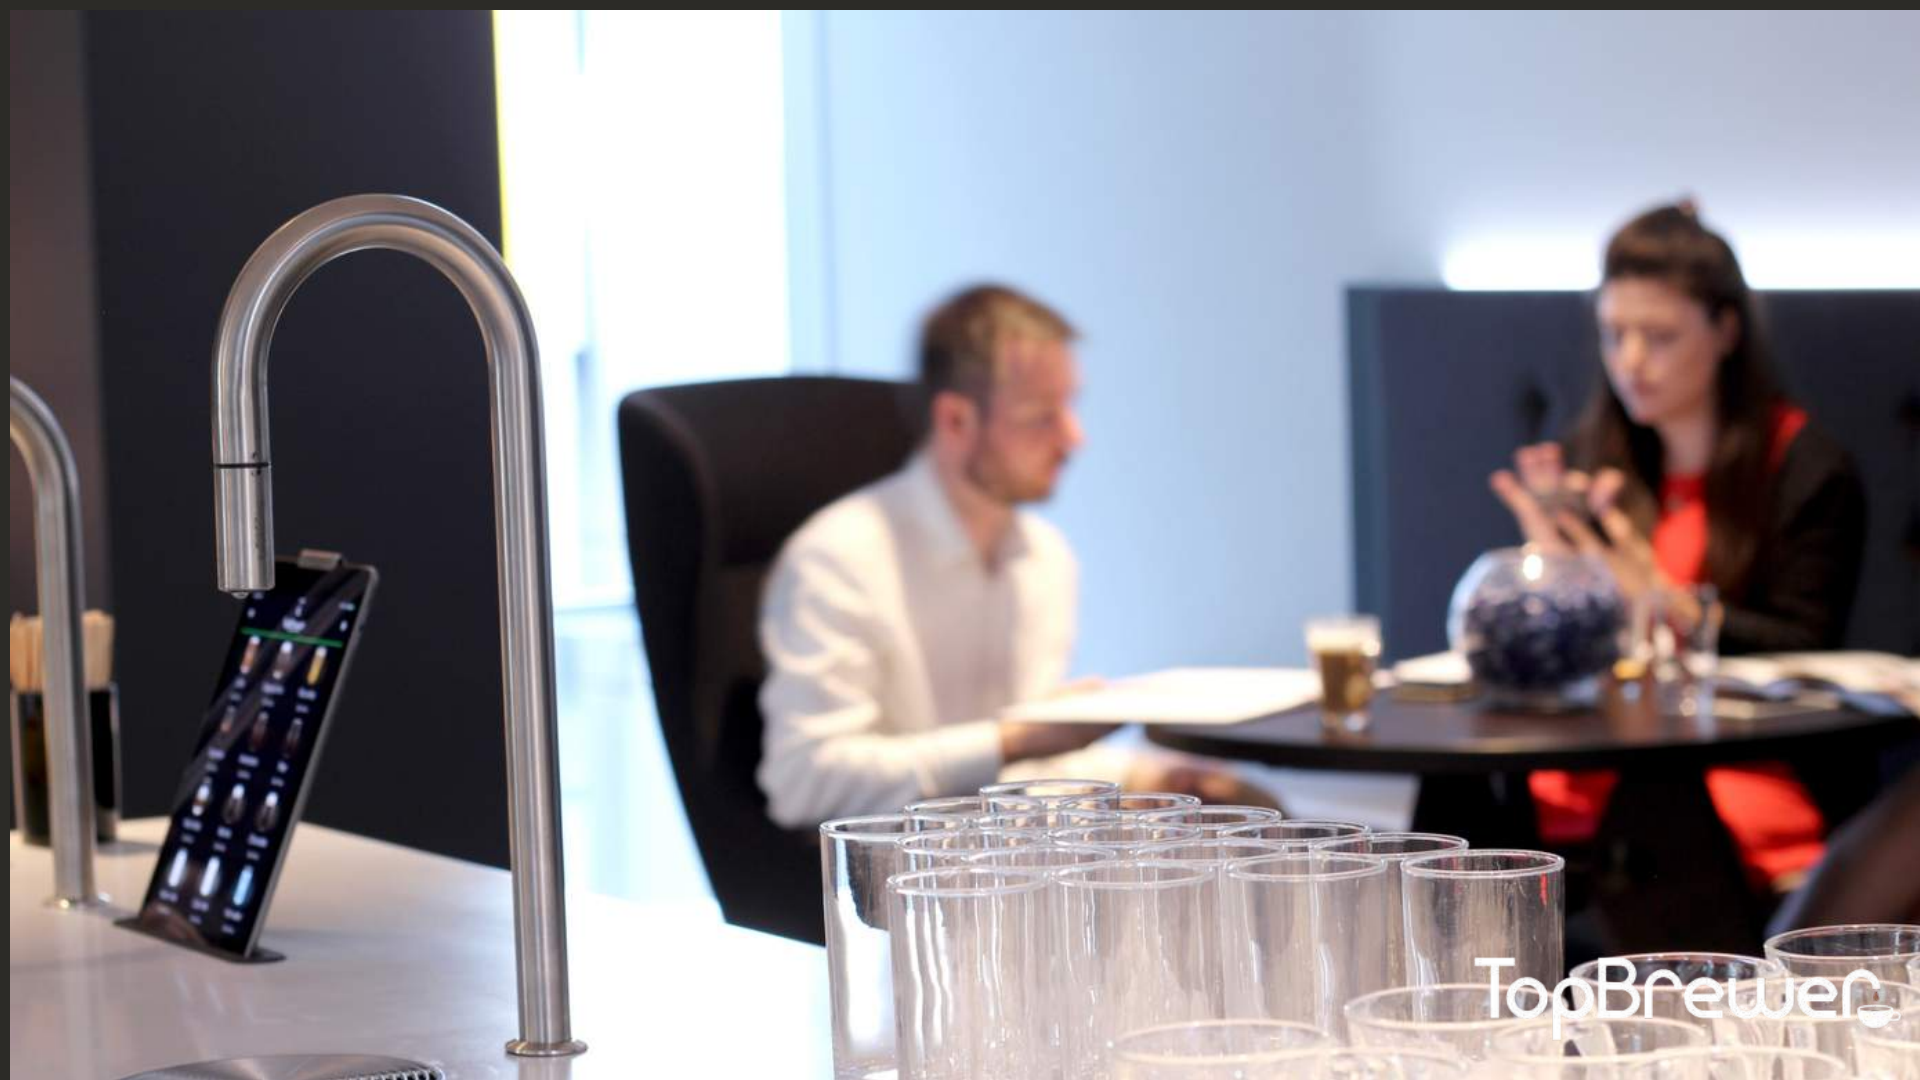

Installed: From 2016

9 TopBrewer Pro Series

Typical daily output: 33 drinks per machine

Leading serviced office provider, BE Offices, chose to install their first TopBrewer Pro Series in their Cheapside pro-working space, opting for TopBrewer to deliver a first-class coffee experience for members. Since then, TopBrewer has become an integral part of their model, with TopBrewer machines being installed at several more coworking locations, as well as their London HQ.

# POOL RE

Location: London Bridge, London

Designer: OD Group

Installed: 2017

3 TopBrewer Compact Series

Size: 1-50 employees

Pool Re designed their office to be a space their staff would be proud of and that would inspire productivity and collaboration. They installed TopBrewers in their staff kitchen, reception area and lounge to provide a premium coffee experience that keeps staff on site.

# THE BOUTIQUE WORKPLACE COMPANY

Location: St Paul's, London

Designer: Gensler

Installed: 2018

1 TopBrewer Compact Series

Typical daily output: 117 drinks

Flexible workspace provider, The Boutique Workplace Company, needed a coffee machine that would not only offer a memorable, premium experience for clients, but that would also fit in with their sleek design and make the all-important first impression count.

# FORA SPACE

Location: Thames Tower, Reading

Designer: Piercy & Company,

Installed: 2018

1 TopBrewer Pro Series

Size: 27,600 square feet

For Fora Space's first shared workspace outside of London, they wanted to put resident experience, wellbeing and productivity at the centre of every choice.

Fora Space chose to install TopBrewer in the reception area, which also acts as a business lounge and meeting area for residents. Fora Space's TopBrewer has contactless payment enabled with ScanomatPAY, allowing them to provide a self-service and economically viable premium coffee experience for residents.

# BOOHOO

Location: Manchester & London

Designer: Falconer Chester Hall

Installed: 2020

2 TopBrewer Compact Series

Size: 1000-1500 employees

World-renowned fashion firm, Boohoo, installed TopBrewer in both their London and Manchester offices to provide a first-class coffee experience for their employees, guests and visitors.

# TAG FARNBOROUGH

Location: Farnborough Airport, Hampshire

Installed: 2015

1 TopBrewer Pro Series & 1 TopWater

As the UK's only dedicated business airport, it was vital to get the guest experience right. TAG Farnborough Airport's facilities include a gym, 'snooze rooms' and an impressive passenger lounge. TAG Farnborough Airport chose to install TopBrewer in their new passenger lounge because of its innovative and unique design and its ability to deliver barista-quality coffee for guests in a hassle free way.

# BBRE - THE WHITE BUILDING

Location: Kings Road, Reading

Installed: 2017

1 TopBrewer Compact Series

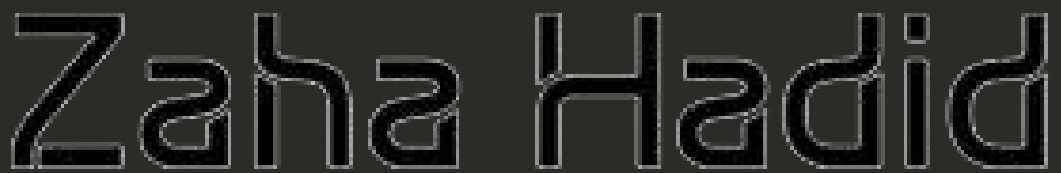

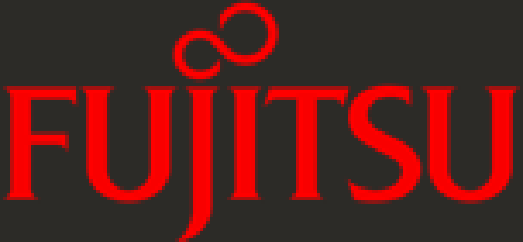

Size: 95,000 square feet

The White Building, owned by Boulton Brooks Real Estate, was designed to create a sense of community and provide an inspiring workspace. The reception area coexists as a meeting area and communal breakout space, and BBRE chose TopBrewer as their premium coffee solution thanks to its streamlined design, app-control technology and ability to add a "wow" factor to the space.

# More customers

TopBrewer

## Safety is key

The intuitive TopBrewer app means there's no need to touch shared buttons or surfaces, and the ability to save your favourite drink means you can enjoy it at any time, from any TopBrewer you choose to use, using your own device.

## It's all about the experience

Give your guests, employees and clients a premium, personalised and unique coffee experience they won't forget.

## Streamline your service points

As well as its large range of barista-quality coffees, luxury hot chocolate, and hot water for tea drinkers, TopBrewer also dispenses chilled still and sparkling water; streamlining your drinks solutions and saving you money.

## Sustainable design

TopBrewer's digitally-driven, future-proof design and sustainably sourced coffee beans make it the most sustainable coffee machine on the planet.

# What do our clients think?

## CBRE

Oliver Thomas, Snr Director

"The TopBrewer concept fits perfectly into our new Client Lounge with its sleek design, advanced technology and overall 'wow factor' experience."

## Autodesk

Lorraine Broun

"Investing in a TopBrewer for our office refurbishment has shown our employees how much we value them."

## MoneyPenny

Ed Reeves, Co-Founder

"The TopBrewer design plays perfectly into the modern, social environment at MoneyPenny and we all love the fact that you can download the app onto your phone and customise your drinks."

# What do our clients think?

## SIG Workplace

JP Rust, GM

"The versatility, quality and variety of premium drinks has been very well-received by our employees and multinational visitors alike."

## Orangebox

Liz Walker, Marketing Manager

"Making coffee used to be a hassle, but the addition of the TopBrewer has enabled us to create a more social working space & given us the ability to serve hot drinks in a stylish, innovative & dynamic way."

## South Lodge Hotel

David Connell, GM

"From a technology perspective the TopBrewer is at the cutting-edge and we love that it is focussed on the guest experience."

Let us help you take your coffee  
experience to the next level
